

Steam Mills Primary News

- This week Class 3 visited Blenheim Palace as part of their work on Monarchy. They had a great day exploring the fantastic rooms at the palace and particularly enjoyed the exhibition.
- Well done to all of the cyclists who completed the Bikeability course this week.
- The whole school staff received Home Office training on the Prevent strategy this week. Mrs Lewis (Safeguarding Governor) has produced a leaflet for parents which will be sent out this week.

- This year we are planning to develop our outside space. We are starting with the line markings on the playground so the children have been given a voting slip to choose their favourite designs. The final choices will be announced at our next Pupil Parliament.

Keilah and Theo

Class 4

Eloise and Georgia

Punctuality

Since January, a total of **604** teaching minutes have been lost by children arriving late into school. Please ensure that your child arrives on time as every minute of learning counts.
