Author: Marcella Scoles Date: 14 <sup>th</sup> November 2016 Date of Board Approval:  Review date: November 2017

## **1. Introduction**

Steam Mills Primary School is committed to Safeguarding and Promoting the Welfare of all of its students. The Governors and staff fully recognise the contribution it makes to safeguarding children. The school recognises that all staff, including volunteers, have a full and active part to play in protecting our students from harm.

All staff and Governors believe that our school should provide a caring, positive safe and stimulating environment which promotes the social, physical, emotional and moral development of the individual child.

The aims of this policy are:

- ❑ To support a child's development in ways that will foster security, confidence and independence.
- ❑ To raise the awareness of both teaching and support staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse.
- ❑ To provide a systematic means of monitoring children known or thought to be at risk of harm.
- ❑ To emphasise the need for good levels of communication between all members of staff.
- ❑ To develop a structured procedure within the school which will be followed by all members of our school community in cases of suspected abuse.

- ❑ To develop and promote effective working relationships with other agencies, especially the Police and Social Services.
- ❑ To ensure that all adults who have access to children have been checked as to their suitability.

## 2. Commitment

Each student's welfare is of paramount importance. We recognise that some children may be especially vulnerable to abuse. We also recognise that children who are abused or neglected may find it difficult to develop a sense of self worth and to view the world in a positive way and whilst at the school, their behaviour may be challenging. We will always take a considered and sensitive approach in order that we can support all of our students.

Safeguarding relates to:

- ❑ Staff Conduct (Policy)
- ❑ Curriculum (Policy)
- ❑ Managing allegations against staff (Policy)
- ❑ Attendance (Policy)
- ❑ Safe recruitment and selection
- ❑ Whistle blowing (Policy)
- ❑ Health and safety (Policy)
- ❑ Behaviour management (Policy)
- ❑ Managing building design
- ❑ Child Protection (Policy)
- ❑ Educational visits (Policy)
- ❑ E-Safety (Policy)
- ❑ Anti-Bullying (Policy)
- ❑ Identification of risk and provision of early help
- ❑ Identification and protection of children at risk of radicalisation (PREVENT)

*Note: This list is not exhaustive.*

We recognise that abuse and neglect can result in underachievement. We strive to ensure that all our children make good educational progress.

Child abuse can take a variety of forms:

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

**Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during the pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment), protect a child from physical or emotional harm or danger, ensure adequate supervision (including the use of inadequate care-givers), or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

### **3. Procedures**

The school's procedures for safeguarding children will be in line with the Gloucester Safeguarding Children Board's procedures (GSCB)

We will ensure that:

## **6. Safeguarding Information for Students**

All students in our school are aware of a number of staff who they can talk to. The school is committed to ensuring that students are aware of behaviour towards them that is not

acceptable and how they can keep themselves safe. All students know that we have a senior member of staff with responsibility for child protection and know who this is. We inform students of whom they might talk to, both in and out of the school, their right to be listened to and heard and what steps can be taken to protect them from harm. There are lessons taught to students that are designed to help keep students safe.

## **7. Supporting Children/Young People and their Families.**

The school will recognise that a child who is abused or witnessed violence may find it difficult to develop and maintain a sense of self worth. We recognise that a child in these circumstances may feel helpless and humiliated. We recognise that a child may feel self blame.

The school recognises that it may provide the only stability in the lives of children who have been abused or who are at risk of harm.

The school accepts that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal, to aggressive or withdrawn.

The school will support all students by:

- ❑ Encouraging self-esteem and self-assertiveness whilst not condoning aggression or bullying.
- ❑ Promoting a caring, safe and positive environment within the school.
- ❑ Liaising and working together with all other support services and those agencies involved in the safeguarding of children.
- ❑ Notifying Children's Social Care as soon as there is a significant concern.
- ❑ Providing continuing support to a student about whom there have been concerns who leaves the school by ensuring that appropriate information is forwarded under confidential cover to the student's new school (as soon as possible).

## **8. Confidentiality**

The school recognises that all matters relating to Safeguarding and Child Protection are confidential.

The DSL will disclose any information about a student to other members of staff on a need to know basis only.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.

All staff must be aware that they cannot promise a child to keep secrets.

## **9. Supporting Staff**

Steam Mills Primary School recognises that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting.

The school will support such staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support as appropriate.

## **10. Allegations Against Staff**

It is possible that a student may make an allegation against a member of staff.

If such an allegation is made, the member of staff receiving the allegation will immediately inform the Head Teacher.

The Head Teacher on all such occasions will discuss the content of all allegations with **Jane Bee (01452 426994)**, the Local Authority Designated Officer (LADO).

If the allegation made to a member of staff concerns the Head Teacher, the designated teacher will immediately inform the Chair of Governors who will consult with the Local Authority Designated Officer (LADO).

Steam Mills Primary School will follow the school's procedures for Allegations of Abuse against Staff, a copy of which will be readily available in the school. The copy is in the main office.

## **11. Partnership with Parents**

The school shares a purpose with parents to educate and keep children safe from harm, including radicalisation and to have their welfare promoted. Parents are made aware of who to contact if they have concerns regarding the Safeguarding of their or any other child.

We are committed to working with parents positively, openly and honestly. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to protect a child.

We will share with parents any concerns we may have about their child unless to do so may place a child at risk of harm.

We encourage parents to discuss any concerns they may have with the DSL. Parents are made aware of our policy via the school website. Parents are also made aware that they can view this policy on request.

## **12. Partnerships with Others**

The school recognises that it is essential to establish positive and effective working relationships with other agencies who are partners in the Local Safeguarding Children Board. There is a joint responsibility on all these agencies to share information to ensure the safeguarding of all children.

## **13. Whistleblowing**

The school recognises that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the attitude or actions of colleagues. There is a separate Whistle Blowing Policy for this purpose.

## **14. Physical Intervention**

Our policy on physical intervention by staff is set out in a separate policy and acknowledges that staff must only ever use physical intervention as a last resort, and that at all times it must be the minimal force necessary to prevent injury to another person.

We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.

## **15. Prevention**

The school recognises that it plays a significant part in the prevention of harm to our students by providing students with good lines of communication with trusted adults, supportive friends and an ethos of protection and early identification of risk.

## **Early Help**

Steam Mills Primary understands that anyone can need help from time to time and if handled effectively helps to safeguard children. Our offer of **Early Help** is designed to support all of our children and families.

The school recognises that early identification of risk is key to safeguarding all children/young people and adults. We utilise a range of approaches and services, including our PSHE curriculum and outside agencies to provide bespoke support.

Early Help strategies in school include:

- ❑ The provision of funded Breakfast Club places if required
- ❑ The school is a distribution hub for Food Bank vouchers
- ❑ The Thrive approach, which allows us to identify and support children with gaps in their emotional development
- ❑ The bi annual online pupil survey
- ❑ Children attend 'In the Net to explore ways of keeping themselves safe
- ❑ A rigorous e-safety curriculum
- ❑ Annual visit to Skillszone
- ❑ Strong links with the Family Information Service
- ❑ A homework club
- ❑ A member of staff who has been trained in counselling skills

All staff are available in a pastoral capacity should anyone have a concern. Whilst we may not have the answer straight away, we will endeavour to find a solution or signpost to other support.

### Personal, Social and Health Education (PSHE) Curriculum (including Sex and Relationships (SRE)

Our curriculum covers many aspects of keeping young people safe, healthy, resilient and aware of the world around them so that they can make informed decisions. We tailor our curriculum around the needs of the children, using sources of information such as the Online Pupil Survey, questionnaires and individual children's feedback.

We cover aspects such as age appropriate Sex Education, Gender Equality and tolerance, Drugs, Keeping Safe (e-safety, personal safety etc.), Emotional Wellbeing (using the Thrive approach and Pink Curriculum), Relationships and Healthy Living.

Staff receive ongoing updates on potential risks such as Domestic Abuse, Honour Based Violence, Forced Marriage, Female Genital Mutilation, Child Sexual Exploitation etc. and

know what to do should they identify a person at risk. The DSL/DDSL are responsible for coordinating the offer of Early Help.

### Child Sexual Exploitation (CSE)

Sexual exploitation of children and young people under 18 involves exploitative situations, contexts and relationships where young people (or a third person or persons) receive 'something' (e.g. food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of them, and/ or another or others performing on them, sexual activities. Child sexual exploitation can occur through the use of technology without the child's immediate recognition; for example, being persuaded to post sexual images on the internet/ mobile phones without immediate payment or gain. In all cases, those exploiting the child/ young person have power over them by virtue of their age, gender, intellect, physical strength and/ or economic or other resources. Violence, coercion and intimidation are common, involvement in exploitative relationships being characterised in the main by the child or young person's limited availability of choice resulting from their social/ economic and/ or emotional vulnerability.

Children in Y3 and 4 attend a showing of 'In the Net' which explores how to keep safe in an age appropriate way.

A screening toolkit will be completed if there are concerns. On completion, this will be sent the Gloucestershire MASH unit.

The Hollie Gazzard trust are working alongside GDASS to support teenagers who may been subject to relationship abuse.

### Bullying including Cyberbullying/E-Safety

We are committed to tackling bullying. Children are taught how to deal with any issues in school. The Pupil Parliament have written and reviewed the Anti Bullying Policy and all children know how to action it. Stop Boxes are in every room for the children to report any concerns.

Through our e-safety curriculum, children are taught how to behave responsibly on line and how to seek advice if they have any concerns.

<https://www.gov.uk/government/publications/preventing-and-tackling-bullying>

### Peer on Peer Abuse

Staff recognise that children are capable of abusing their peers. The Governing Body ensures that procedures to minimise the risk of peer on peer abuse are implemented and sets out how allegations of peer on peer abuse will be investigated and dealt with. Peer on peer abuse can take different forms: this is most likely to include, but may not be limited to, bullying (including cyberbullying), gender based violence/sexual assaults and sexting. The school makes it clear that

abuse is abuse and should never be tolerated or passed off as “banter” or “part of growing up”.

### Domestic Abuse

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological, physical, sexual, financial and/or emotional.

DSL has received training on ways in which to support those involved through agencies such as Gloucestershire Domestic Abuse Service (GDASS).

### Female Genital Mutilation (FGM)

Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. There is a range of potential indicators that a child or young person may be at risk of FGM, which individually may not indicate risk but if there are two or more indicators present this could signal a risk to the child or young person. Victims of FGM are likely to come from a community that is known to practise FGM. Professionals should note that

girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity should always be shown when approaching the subject.

It is the duty of our school to refer to Gloucestershire Police (**Acting DI Jo Mecurio**) if there are any concerns over a child. The school will ring **999** if it is appropriate to do so.

### Private Fostering

A private arrangement between a child's parent and the foster parents. Children are privately fostered if they live with someone for 28 days or more, or are placed with the intention that they will stay for 28 days or more.

Private fostering applies to children under 16 years of age (or 18 if they are disabled) and doesn't include arrangements made between close relatives. A close relative is an aunt, uncle, step-parent, grandparent or sibling, but not a cousin, great aunt/uncle or a family friend.

The law requires the private foster carer to notify the Local Authority of the agreement at least 6 weeks before the arrangement or within 48 hours of the child's arrival if it is an emergency placement.

If our school becomes aware of a private fostering arrangement, we will contact the **Children and Families Helpdesk (01452 426565)** to ensure that the LA have been notified.

An Early Help Hub is being developed in the locality. Services involved include the Family Information Service (access to online directory of services [www.glosfamiliesdirectory.org.uk](http://www.glosfamiliesdirectory.org.uk)). Through the Early Help hub, the school will be able to access Forest Families First Plus to support families.

## **Prevent Duty**

The school has due regard to the need to prevent people from being drawn into terrorism ("the Prevent Duty"), as part of or wider safeguarding duties. We promote fundamental British Values; challenging extremism within a safe place.

Staff receive training through the CHANNEL program in order to recognise the signs of radicalisation and how to act upon them. They have all also received the Home Office training on the Prevent strategy.

The school community will:

- ❑ Establish and maintain an ethos where children feel secure and are encouraged to talk and are always listened to.
- ❑ Ensure that all children know where there is an adult in the school whom they can approach if they are worried or in difficulty.

- Include in the curriculum opportunities for PSHE which equip children with the skills they need to stay safe from harm and to know to whom they should turn for help.

## **16. Monitoring, Evaluation and Review**

The Governing Body will review this policy annually and assess its implementation and effectiveness.
