

# Steam Mills Primary News

This week we held Pupil Progress Meetings with staff. It is pleasing to see the progress in school, as the children have become familiar with the higher expectations of the new National Curriculum.

The children were visited by two outside speakers in assembly this week: our local police officer who talked to the children about road safety (and was very impressed at their knowledge of how to cross roads!) and a representative from Severn Trent Water who explained their role and ways to keep safe around water.
