

We are going to be reading lots of different texts to help us with our learning.

Some to help us think about different vehicles and destinations...

... some favourites and non-fiction text!

We will be designing and creating our very own rockets, whilst developing our small motor skills to help us become wonderful writers

We will also be developing our co-ordination, balance and agility through yoga and dance

Class 1 Term 5

All Aboard!

As historians and geographers, we will be exploring transport, past and present and learning how different forms of transport have evolved over time and exploring the different transport that are used in other countries.

As scientists, we will be learning lots of exciting facts about our moon and the first moon landing.

We will be learning lots of new and exciting words this half term, and we will be exploring their different meanings so we can use them...

Transport, vehicle, engine, modern, reliable, journal, steam powered, lever, propellor, Neil Armstrong, Apollo 1, diesel, locomotive, automobile, steam powered.

As special friends, we will be thinking about how we can continue to care for each other and how we can be a rainbow in somebody else's day!

My Rights and My Responsibilities!

Listen consider kindness fairness
Right respect responsibility friend
