Mrs Saunders left Steam Mills in 2020 to take some time out to travel and on her return last year was re-recruited to fulfil a fixed-term position. ## **Implications for September**

We can arrange shared playtimes, lunch plays and assemblies; face coverings will not be required inside or on the yard. There haven't been any announcements about inviting parents back onto site yet, so we will update you on that when we know. We are sure there will be a lot of information coming through to schools over the next week.

As we don't have to maintain separate bubbles, we don't have to have staggered timings for drop off/collection and will revert to a 9am registration start from Reception to Year 6.

The arrangements for 'drop off and go' are new and we are grateful to Councillors Mark Turner and Graham Morgan for their input and support for a new one-way system.

**Parents of pre-school children**, please park at the front of the school (roadside) and walk through the bottom yard gate to the pre-school gate, where you will be met. Pre-school sessions will revert to the pre-covid timings of between 9am and 3pm. There is a one-way system used for the front parking area (which flows from the left of the building to the right as you look at it from the road.)

**Class 1 parents**, please park at the front of the school (road side) and walk through the bottom yard gate to Class 1's gate, where you will be met. Please arrive between 8:50am and 9am. There is a one-way system used for the front parking area (which flows from the left of the building to the right as you look at it from the road.)

Parents of Y1-Y6 children are encouraged to 'drop off and go' using a new one-way system between 8:50 and 9am rather than park, whenever possible. This means driving through to the school car park at the back of the school to the school reception gate, where your child can get out under the supervision of staff.

All cars entering the car park, must then leave via the one-way exit, which takes you around the pre-school and bowling club, to exit onto the main road. The lane is not tarmacked but the surface is solid.

Please all drivers exercise caution and co-operation to ensure this system works. Cars must not park against the playground wall in the car park, for safety.

If your child prefers you to walk to the gate with them, then please do park up, but note that you will need to cross the path of the drop-off system. Signs will be put up to limit speed in this area and all are asked to be vigilant.

All cars entering the car park must adhere to the one-way system and exit along the lane in the direction of the bowling club.

## The arrangements for pick-up are:

**Pre-school:** Please park at the front of the school (roadside) and collect from the preschool gate at 3pm; the bottom yard gate will be opened at approx. 2:50pm for you. Please leave promptly to free up car park spaces for others.

**Reception:** Please park at the front of the school (roadside) and collect from the reception class gate at 3:15pm.

**Y1-6:** Pick up from the KS2 yard as usual, at 3:15pm. Wherever possible, please park at the side of the school, in the back car park, parking along the front wall (reverse into space) or start another row at the rear of the carpark, double parking with staff cars for up to 10 minutes whilst you quickly collect. Please also share pick-ups with friends, so there are less cars trying to park. If entering the carpark at the back, continue along the one-way system as you leave.

## **Reports**

Please check your eSchools account to view your child's report. Please contact Miss Agg if you have any issues with accessing the reports.
