

Literacy

We will be reading lots of different texts to help us with our learning.

Term 3:

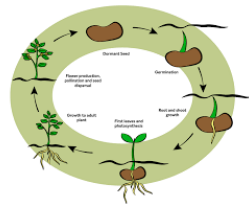

Term 3: Once Upon a Time!

Understanding the world

This half term we will be settling back into school routines, continuing to develop positive relationships with others.

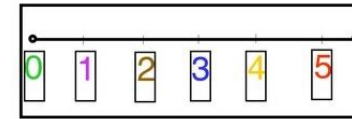

We will be exploring the question “who eats porridge?”. Following this we will compare different traditional breakfast foods around the world.

As scientists, we will be looking at the life cycle of a beanstalk, shoots, roots and germination.

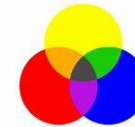

We will be also looking at different materials and their properties.

Maths

Expressive arts and design

Physical development

Communication and language

The children will be learning lots of new vocabulary this term related to their learning...

families friends sharing kindness
humans emotions help sequence
ordering traditional tale materials
properties plan reflection

Personal, social, and emotional development

As a prime area of the children's learning, the children will engage in weekly PSHE sessions following the 'My Happy Mind' scheme of learning.

The sessions are designed to support children to see themselves as valued individuals; to express their emotions; think about the perspective of others; develop resilience and perseverance; and to manage their own needs.

The children will be supported in this area by the adults in class and our classroom topics have a strong PSHE theme running through them for this half term.
